

Accident Management Free of Charge

When one of your vehicles is involved in an accident, it is essential that any off road time is kept to an absolute minimum.

After all, a delay in repair is bound to have a negative impact on the productivity of your drivers and consequently the profitability of your business. In short, your business depends upon the smooth and safe operation of your business vehicles.

As fleet management experts, we understand the time and effort it takes in order to run and maintain your company's vehicles.

That's why we are committed to finding new ways to enhance the value added services we offer to all our customers.

For this reason, we have developed the Network Accident Management service offers you and your drivers:

- 24 hour / 365 day support
- Easy access via a single telephone number
- Mobile repairs for minor accident damage
- Vehicle collection and delivery
- Courtesy car
- For non fault accidents:
 - Free like for like replacement vehicle
 - Damage repair with no excess to pay
 - Recovery of losses
 - Personal injury
- A national network of approved repairers
- A 3 year guarantee for all repairs
- On-line registration and claims tracking
- Full reporting, helping you identify trends and minimise insurance premiums

Just contact your Network Franchisee to register your company vehicles for this FREE service.
